

## **ENVIRONMENTAL PARTNER CONNECTION**

Looking to expand your sales through joint venture partners, licensees, agents, distributors, and other strategic partners? --- Take advantage of the **Environmental Partner Connection!!!**

*U.S. exhibitors and visitors at Aquatech 2006 can save time and money by leveraging the U.S. Commercial Service **Environmental Partner Connection** to find pre-qualified global partners.*

Program information: The **Environmental Partner Connection** is available to qualified U.S. exhibitors at Aquatech 2006 in Amsterdam, the Netherlands, September 26-29, 2006. This service helps U.S. exhibitors find potential agents, distributors or other strategic partners abroad. U.S. Embassy and Consulate Commercial Specialists in approximately 12 European countries will identify prospects (potential partners) for you. Choose a country/countries where you would like to find a partner: Austria, Bulgaria, Croatia, Czech Republic, France, Germany, Poland, Russia, Slovakia, Slovenia, Sweden, The Netherlands, Turkey and Ukraine.

### Benefits:

- A country report received 10 days prior to Aquatech
- Up to 10 pre-qualified screened contacts for potential partners per country
- Opportunity to pre-arrange meetings at Aquatech with potential partners

Save valuable time and money by working with pre-qualified international partners that are interested in selling your products and services. Obtain high-quality market information on the marketability and sales potential for your products and services. Receive key contact information for each potential partner which is interested in your company, along with information on their size, sales, years in business, number of employees, and a statement from each potential partner on the marketability of your product or service.

Sign up deadline: July 28, 2006  
Price: \$500 per country requested
